NEW BUILDING PLANNED FOR SCIENCE DEPARTMENTS OF THE H.K. UNIVERSITY

THE CONTEMPLATED ERECTION OF A NEW BUILDING OF H.K. UNIVERSITY TO HOUSE THE DEPARTMENTS OF PHYSICS, CHEMISTRY AND BIOLOGY, to be completed, possibly, by September, 1941, was mentioned by Prof. W. Brown yesterday in his retiring speech from the Presidency of the Hongkong University Science Society.

AMERICAN FLEET MOVEMENTS

Naval sources in Manila have no confirmation of the reported departure from Hawaii of certain naval units including an aircraft carrier to reinforce the United States Asiatic Fleet, according to the Manila Bulletin.

Although admitting that if such were true they might not be informed in Manila, they were certain that no official information had been sent; here concerning fleet movements in this direction from the east.

Meanwhile, units of the Asiatic Fleet began to arrive from China, including the cruiser USS Marblehead, the Black Hawk and probably two divisions of destroyers, all of which are due at this season of the year.

The retiring President said it gave him considerable satisfaction to take the opportunity provided him by the meeting to inform the Science Society of the proposed erection of the new building.

This had long been the dream of many who realised the pressing need for more accommodation for these departments. It was now to be hoped that this new accommodation would be available by September, 1941.

Presenting the annual report of the Society, the retiring Hon. Secretary, Mr. O. V. Cheung, mentioned the fact that three lectures had been given to the Society in the past year. Capt. A. B. Whistman spoke on "The Physics of the Upper Atmosphere," Professor W. Brown on "The Great Rift Valley of Africa," and Mr. P. V. Reeveley, F.T.S., on "Television."

NEW OFFICERS

The office-bearers elected to serve for the coming year were:

President, R. A. Hill; Vice-President, D. A. Davies, Prof. G. T. Byrne and Hui Pak-mi; Chairman, John Huang; Hon. Secretary, R. C. Young; Hon. Treasurer, Chan Chau-lan; Hon. Auditor, Prof. W. Fald.

Representatives: Fourth Year, John Huang; Third Year, Miss Lam Yung-tai; Second Year, Chan Tin-chee; First Year, E. Patterson.

FIRE ABOARD SHIP

A small fire broke out on board a Jardine steamer lying at Kowloon Docks shortly after 5 p.m. yesterday. Only a small number of lifebelts were damaged.

Supreme Task Of Winning War Is Nearer Accomplishment: New Pact Window Dressing: Japan Has Stuck Her Tongue Out Too Far This Time

"WE HAVE ONE SUPREME AND URGENT TASK BEFORE US TODAY AND THAT IS TO WIN THE WAR. WE ARE CONVINCED THAT THIS TASK IS NOW NEARER ACCOMPLISHMENT. HERR VON RIBBENTROP, WHEN HE ANNOUNCED THE SIGNING OF THE NEW PACT SAID THAT WHAT IT MEANT WAS THE ESTABLISHING OF A NEW ORDER IN EUROPE AND A NEW ORDER IN EAST ASIA."

"Are we also not entitled to say how we hope to establish a new order for the world? The fact that this question is being asked, proves that we mean, not only to win this war, but to put our victory to good use when we have won it."

Concluding his weekly broadcast in the series "World Affairs" from Daventry last night, with these words, Mr. Wickham Steed, the eminent author-journalist, had many interesting comments to make on the events which have taken place in the international situation during the past week.

"It is quite a job in these days to be up to date in speaking of world affairs," said Mr. Steed. "Last week I spoke just too soon to take account of the new pact which was concluded between Nazi Germany, Italy and Japan."

"Today Herr Hitler and Signor Mussolini are meeting at the Brenner Pass. No doubt something big is approaching. Exactly what it is we do not know. Nor do we know what Herr von Ribbentrop's hopes

from the new three-Power Pact may be. On paper, it merely provides for the leadership of Japan in establishing a New Order in East Asia and for the leadership of Germany and Italy in establishing a New Order in Europe."

"One thing I can say is that the Pact has not frightened us in the least. I feel convinced that what led to this Pact was that Herr Hitler and Herr von Ribbentrop were compelled to put something into their job of window dressing in order to make some show that would satisfy a dejected German people. From promising them a quick invasion and defeat of England and a speedy end of the war, they now forecast that the war will be long and the struggle hard."

GATHERING OF BRIGANDS
"Signor Mussolini, too, may need something for his shop window. The comments on the pact in Canada and the United States are particularly interesting. I like the views of the Toronto paper which said: 'Japan has stuck out her tongue too far this time. The gathering of brigands into one camp will now force the defenders of human rights into another and soon the brigand heads will begin to fall.'"

"This reminds me," continued Mr. Steed, "of what a Japanese

DICTATORS TO EXPLORE POSSIBILITIES OF OFFENSIVE IN OTHER DIRECTIONS AT THE BRENNER PASS MEETING

WHY IS HALIFAX NOT REMOVED FROM FOREIGN OFFICE?: PRESS COMMENT ON CABINET RESHUFFLE

LONDON, Oct. 4 (Reuter)—Public confidence in the Government's main structure has never been shaken, says the DAILY HERALD, but the time has unquestionably come for change.

Trying to further alterations in the Government's personnel the paper asks why Lord Halifax has not been removed from the Foreign Office declaring that

His obedience to Japan brought ruinous results;

The net consequences of his courtesies to Spain is an intensified demonstration of General Franco's respect for the Axis;

Rumania has gone from us, while

Russia has read nothing but Lord Halifax's chilly wooing.

Sir John Anderson's removal from the Home Office is a measure of his failure, says the paper, yet he has been compensated for his dismissal by receiving a still more authoritative position.

BEVIN'S RESPONSIBILITY

NEW YORK, Oct. 4 (Reuter)—In the opinion of two morning papers here, the British Cabinet changes have further strengthened Mr. Churchill's responsibility. The growing responsibility of Mr. Ernest Bevin is emphasised and it is stated that he is now regarded as Number Two in the War Cabinet.

Both the NEW YORK HERALD-TRIBUNE and the NEW YORK TIMES speak of the tact with which Mr. Chamberlain's resignation was accomplished.

The HERALD-TRIBUNE says that much of the criticism of Mr. Chamberlain and other survivors of his regime is probably exaggerated but Mr. Churchill is forced to constantly remember that Hitler's basic strategy, and probably his chief hope for victory, is to produce a political upheaval in Britain that would lead to counterpart of the Yelky Government.

The NEW YORK TIMES especially commends the retention of Lord Beaverbrook at the Ministry of Aircraft Production where, it says, "he has worked miracles since last spring."

The NEW YORK DAILY NEWS, in a tribute to Mr. Chamberlain, says that his only mistake at Munich was his failure to include the Soviet in the discussions and expresses the hope that the United States would not make a similar mistake.

FURTHER REORGANISATION

LONDON, Oct. 4 (Reuter)—The Cabinet changes, as announced on Thursday, were generally warmly welcomed by the London newspapers but there was also a tendency to recall that Mr. Churchill's first Government was necessarily formed very hurriedly and under stress of special circumstances and to suggest a further reorganisation.

Spain Not Expected To Enter War As Armed Participant

LONDON, Oct. 4 (British Wireless)—Advance reports of the meeting today between HERR HITLER and SIGNOR MUSSOLINI at Brenner Pass were described in Berlin yesterday as indiscretion, but this morning it was officially announced there that the meeting would take place at noon.

Unofficial reports state that Herr Hitler who passed through Munich last night in his armoured train was preceded by HERR VON RIBBENTROP and that COUNT CIANO left Rome in advance of Il Duce to prepare for the meeting which is a sequel to much recent diplomatic activity in the Axis countries.

The most advertised result of this activity was the signature of the German-Italian-Japanese Pact. It coincided with the visit to Berlin and Rome of the Spanish Minister of the Interior, Senor Suriano Suer, the prolongation of whose stay in the Italian capital

until tomorrow, it has been somewhat ostentatiously stated, has nothing to do with any political developments.

There is no indication of any intention on the part of Spain to modify its policy of non-belligerency and it is noted here that the Italian Press now generally assumes that Spain's entry into the war as an armed participant is not expected.

Spain's special difficulties, particularly in the economic sphere are fully understood here.

Speculation as to the topics of discussion at the Brenner meeting in the American Press suggest that in view of the failure of the invasion plans and the miscalculation of the results of aerial bombardment of London and the heavy losses suffered in the raids on Britain, the Dictators will explore the possibilities of an offensive in other directions, including Egypt.

It is recalled that today's Hitler-Mussolini meeting is the third held since the war began. The first of these took place at Brenner on March 18 when it was believed that plans leading up to Italy's eventual entry into the war were drawn up. The last meeting took place at a rendezvous on June 18 when terms of the French armistice were decided upon.

THE PARTIES

BERLIN, Oct. 4 (Reuter)—Herr Hitler was accompanied to Brenner by Gen. Kettel, Gen. Dietrich and Signor Alderi, the Italian Ambassador in Berlin, while Mussolini was accompanied by Gen. Nacchi and the German Ambassador in Rome.

NEW MOVE IMPENDING

NEW YORK, Oct. 4 (Reuter)—A new military move is impending, the NEW YORK HERALD-TRIBUNE suggests in speculating on the Brenner meeting.

The newspaper adds a warning against Nazi invincibility propaganda, suggesting that the Pact with Japan was a screen to hide the whole of a series of Axis failures.

The Rome correspondent of the NEW YORK TIMES says that the most likely subjects for discussion are the United States aid for Britain, the position of Russia and winter campaign plans.

The paper adds that the Axis is out to defeat President Roosevelt, "not as a measure of interference in the internal policies of the United States, but because of the President's foreign policy and everything he stands for in the eyes of Italians and Germans."

FIGHTER PLANES OVER PASS

ROME, Oct. 4 (Reuter)—

Fighter planes patrolled the sky over Brenner Pass while the Dictators continued their discussion of the Axis plans which began at 11 a.m.

The meeting at the station was stated to be cordial, the Dictators greeting each other with both arms stretched out after a cordial handshake.

The station had been fully decorated with German and Italian flags and flowers.

GERMAN APOLOGY TO EIRE

BERLIN, Oct. 4 (Reuter)—The Government will express its regret to the Eire Government for having "erroneously" dropped bombs on Irish territory and will offer to pay compensation, according to the Official German News Agency.

The Agency stated that investigation showed that the "bombs" were really launched from an aircraft which, however, had lost its way.

Success For Former H.K. Submarine

LONDON, Oct. 4 (Reuter)—The Admiralty officially disclosed today that H. M. submarine Ostris, commanded by Lieut. Commander J. R. G. Harvey, torpedoed and sank an Italian destroyer in the Adriatic on Sept. 21. This is the submarine's second success.

It was announced on September 9 that while operating in Mediterranean waters the Ostris, under the same Commander, sank an Italian supply ship of about 3,000 tons.

The Ostris was in Hongkong prior to the outbreak of war.

BURMA ROAD QUESTION

LONDON, Oct. 4 (Reuter)—The Burma Road question is understood to have been fully surveyed when the Chinese Ambassador called on Mr. Churchill yesterday evening by invitation.

A statement on Britain's decision is expected to be made shortly.

CHINESE PLANES OVER PEIPING

LEAFLETS RAINED ON CITY

CHENG TU, Oct. 4 (Central).—Chinese planes made a surprise "raid" over Peiping yesterday. Instead of bombs which might hurt or kill the civilians, they rained 200,000 leaflets as they did in Tokyo and elsewhere in Japan on May 20, 1938.

The leaflets were the manifestoes issued by Generalissimo Chiang Kai-shek to the Chinese people on July 7 anniversary of the Lukouchiao Incident, and to the Chinese civilians and troops as well as the Japanese people on September 18, anniversary of the Mukden Incident.

This was the first time that Chinese aircraft flew over Peiping since the Sino-Japanese hostilities started. Flying from an undisclosed base, the machines reached Peiping at 9.20 a.m. After distributing the leaflets which were picked up and read by the Chinese with jubilation, they circled over the city several times before they safely departed.

It is believed that the visit of the Chinese aircraft had the effect of bolstering the morale of the Chinese in the city.

CEASELESS MOMENTUM OF EMPIRE'S CONSISTENT, GENEROUS EFFORT FOR VICTORY

Canada To Have 300,000 Men Trained In New Year: I.O.T.S. For Australia

LONDON, Oct. 4 (BWS)—The whole Empire's war effort is growing with ceaseless momentum. By the end of September between 50,000 and 60,000 men of the volunteer militia had completed camp training in Canada and during 1941 nearly 300,000 will be trained. In addition it is unofficially estimated that the total of Canadian troops now in England is over 45,000.

As was announced in the first week of September the Canadian Navy then numbered 125 vessels while the R.C.A.F. was expected early in October to have a strength of 25,500 officers and men, of which 16,000 are in the Empire Air Training project.

So, in the other parts of the 1,250,000—one-sixth of the population of the Empire, Canada's material resources represent a highly important factor.

The current wheat crop is estimated by Dominion Bureau statistics at 581,000,000 bushels which is about 5,000,000 below the record harvest of 1938. Oats, barley and linseed estimates are all above last year, and in the nine months the Canadians have bought about £130,000,000 worth of War Bonds.

In Australia the establishment of a new Infantry Officers' Training School will raise the output of officers to nearly 2,000 yearly—the number required for the A.I.F.

AIR DEFENCES

Plans have been made for a great expansion of air defences in north-eastern Australia involving the expenditure of many millions of pounds on establishments for aircraft and personnel. The proposed strength of the air force will be at least 8,500 officers and men.

Seven Australian shipyards are building 50 patrol craft to the design of the Naval Board of which 20 are intended for the Admiralty. Each ship will be manned by Australians and will be named after an Australian town. The two Tribal Class destroyers under construction in Australia will, with the King's approval, be named Arunta and Warrungu, names of two aboriginal tribes.

The Commonwealth Aircraft Corporation has handed over to the Australian Government the 100th Wirraway plane, one year after the production of the first. This means an output of £1,000,000 worth of planes in the first year of production.

Members of 15,000 Australian War Savings groups now number

GIFT OF FLIGHT OF SPITFIRES

LONDON, Oct. 4 (Reuter)—Contributions to "Spitfire Funds" continue to flow in. Among the latest contributions is £54,000 from the Nawab of Bhopal, being equivalent to the cost of a whole flight of Spitfires.

PROMINENT INDIAN LEADER UNDER ARREST

LONDON, Oct. 4 (Reuter)—A charge under the Defence of India Regulations was promulgated at Calcutta yesterday against Subhas Chandra Bose, the well-known Congress Leftist leader, according to the Delhi radio.

Bose was arrested in Calcutta in July under the Defence of India Regulations. He is one of the most prominent of the younger generation of Indian politicians and as an ex-President of Congress, is an ex-officio member of the Congress Working Committee.

FOREIGN PLANES BOMB MALMOE

LONDON, Oct. 4 (Reuter)—The Swedish Radio yesterday announced that during the night foreign planes dropped bombs near Malmö.

The bombs did some damage but no one was injured. The Swedish Government is asking the Riksdag for another £2,000,000 for defence purposes.

15,000 Driven Away From Warsaw

LONDON, Oct. 4 (Reuter)—Over 15,000 people have been driven from Warsaw in the past three weeks. It was learned in London yesterday.

These unhappy people were not allowed to say goodbye to relatives or friends and nothing is known of their fate.

2-HOUR RAID ON HAMBURG OIL FACTORY

DIRECT HITS MADE ON TARGET

LONDON, Oct. 4 (Reuter)—The Royal Air Force's special objective during their activities over extensive areas of Germany, and aerodromes and bases in Holland, Belgium and France, was Hamburg.

A large oil factory and storage plant there was subjected to nearly two hours of intensive bombardment by relays of heavy bombers.

It was shortly after 10 p.m. when the first raider scored hits on the target and started four separate fires which spread and merged into one.

From then, target-finding was easy for the continuous succession of bombers which unloaded high explosives in the centre of the target area.

Later a second fire started and in the words of the Air Ministry news service, "both fires were still burning strongly, sending great clouds of black smoke billowing across the River Elbe, as the last of the attacking forces turned for home."

SOVIET-JAPAN RELATIONS

MOSCOW, Oct. 4 (Reuter)—The Soviets have not announced their willingness to enter a Non-Aggression Pact with Japan on condition that China is split up into two spheres of influence.

This was the categorical statement elicited by Reuter in reply to an enquiry regarding a report circulating earlier.

The statement added, however, that the Soviet policy of good relations would not exclude the possibility of a rapprochement with Japan provided, as M. Molotov stated in August, there was goodwill on both sides.

ICY RECEPTION FOR NORWAY'S "NEW ORDER"

LONDON, Oct. 4 (Reuter)—The recently instituted Nazi "New Order" in Norway was given an icy reception by the general public, according to the Norwegian Telegraph Agency.

The Agency cites an article in the Norwegian Nazi organ Fritt Folk threatening opponents of the movement.

The paper states there are reports of terrorism still going on especially among business circles in Oslo. It warns those concerned that assistance will be given to supporters of the Nazi party.

EGYPTIAN PRECAUTIONS AGAINST RAIDS

LONDON, Oct. 4 (Reuter)—Egypt is taking suitable precautions to protect and preserve her literary treasures from the dangers of air raids.

Many thousands of valuable manuscripts, ancient copies of the Koran and other sacred books are being stored away from danger in a huge cave in the hills behind the old city of Cairo.

This cave incidentally was used by the ancient Egyptians as a safe storage place in time of war.

SPAIN CHARY TO ENTER WAR

MADRID, Oct. 4 (Reuter)—Messages from Spanish sources in Berlin continue to stress the belief that Spain will take no active part in the war and, for that reason, says one correspondent, some Central American countries, which are requesting President Roosevelt to intervene with General Franco and keep Spain out of war, are merely working with the current as General Franco is keeping but of his own free will.

MAIDEN VOYAGE OF SPANISH LINER

MADRID, Oct. 4 (Reuter)—The newly acquired Spanish liner, Cabo de Hornos, is sailing from Vigo on its first voyage to South America under the Spanish flag today.

The passengers include the Marquess de Magar and the new Spanish Ambassador to Argentina who formerly represented Spain in Berlin.

GERMAN PILOT IN ITALIAN BOMBER

LONDON, Oct. 4 (Reuter)—Reuter learns that two Italian bombers damaged by gunfire during a raid on Haifa recently landed in Syria with a German pilot and four of the Italian crew.

The British Consul-General of Beirut has sent a note on the subject to the French High Commissioner in Syria as it is the duty of the French authorities to intern both the plane and crew.

LORD MAYOR'S FUND

LONDON, Oct. 4 (Reuter)—Many more gifts were received yesterday by the Lord Mayor's Fund for the relief of air raid victims, the latest being further donations of £20,000 and £16,000 from Melbourne and Sydney respectively.

Further contributions came from New York and Shanghai.

BLACKBURN COMMITTED TO SESSIONS ON MANSLAUGHTER CHARGE

CHARLES BLACKBURN, LANCE-SERGEANT OF THE HONGKONG POLICE FORCE, charged with the manslaughter of a Shantung constable, was committed to the next Criminal Sessions by Mr. G. T. Lowry at the Central Magistracy yesterday.

Blackburn is alleged to have caused the death of P.C. D.233, Wong Shan-ye, at Des Voeux Road Central, near Wardley Street, on Sept. 12.

The accused reserved his defence. Mr. J. P. Murphy, Assistant Crown Solicitor, appeared for the prosecution, while Mr. J. M. d'Almada Remedios was for the defence.

Mr. Hin-shing Lo held a watching brief on behalf of deceased's family.

Dr. T. K. Liem, medical officer of Queen Mary Hospital, was recalled yesterday and said that the cuts on the deceased's lips, in his opinion, could have been caused by a blow from a fist. The fracture of the skull, said witness, was probably caused by deceased falling to the ground, the injury to the brain making this probable.

Hsia Chun-kuang, doorman of the Hongkong and Shanghai Bank, said that on Sept. 12 he was on duty at the Des Voeux Road entrance of the Bank. About 6.30 p.m. he saw a European striking a Chinese constable. Witness said he was inside the glass door but had a clear view.

"FLAKED OUT"

Sub-Insp. W. L. Clark said he was on duty on Sept. 12 at the Central Police Station charge room. At 4 p.m. he detailed accused on patrol duty. Accused came back to the charge room about 8.35 p.m. and said he had just "flaked out" a Shantung constable.

When asked what had happened accused told witness that he had ordered P.C. D.233 to get off a bus opposite the Bank. He hit the constable on the jaw and the latter fell on to the pavement.

The reason he hit the constable, accused told witness, was that after alighting from the bus the deceased waved a pocket book in his face and swore at him. When accused told deceased he would report him the latter replied, "Don't be silly." Accused then lost his temper and hit the constable on the jaw.

Insp. Clark continued that accused told him that the constable was outside and he went out to see deceased who was bleeding through the nose and ear but was quite conscious. He then sent deceased to Queen Mary Hospital.

ABRASION ON FINGER

Insp. Clark said that when accused came in to make the report he had an abrasion on the first finger of the right hand but was quite sober.

Witness then asked accused to make a written report of the whole incident. Accused later handed witness a signed type-written statement.

Sub-Insp. J. O'Donovan gave formal evidence of where the incident occurred.

TWO RINGER BROTHERS IN COLONY

WERE ARRESTED IN JAPAN

Two Britons, who were recently arrested in Japan on charges of alleged espionage, are in the Colony, on their way to join the Indian Army.

They are Mr. Michael Ringer, who was in charge of the family shipping business at Shimonoseki, and Mr. V. Ringer, who was in charge of the branch at Nagasaki. They were arrested at the same time but did not know of this until their release seven weeks later.

Mr. V. Ringer said that they were reasonably well treated except for the constant questioning.

GENERAL SUSPICION

"Apparently," said Mr. Ringer, "the reason for the arrests was more a general suspicion of Britons than anything specific. I think the arrests were largely inspired by Germany," added Mr. Ringer.

At the trial, which was held in camera, both brothers were found guilty. Mr. V. Ringer was sentenced to 18 months' imprisonment, spread over five years; Mr. M. Ringer was sentenced to 14 months to spread over four years.

These sentences have been suspended to enable them to leave Japan but could be enforced if they returned within the period.

Mr. V. Ringer is accompanied by his wife and daughter.

DUO-BRIDGE

(British Made)

The Board for Two Players

Two Bridge players can use the DUO-BRIDGE Board anywhere and at any time; there is no need to go out to the Club on these black nights.

You will enjoy it in any situation, because it is the very best Bridge game for two people yet invented.

Let us admit at once that there are certain technical difficulties which cannot be overcome. We are well aware of them—but they do not affect the character of the game in any way. Neither players sees more than his own hand while bidding and only his own hand and Dummy during play.

It is obvious that regular bidding, psychics and wild jump-overbids are no use in such a game, indeed the hands have been very carefully selected.

"Is my bath ready, Hawkins?"

"Not quite, Sir. They're just darning it."

"A gesture of old world courtesy, no doubt, but was it really necessary?"

"Very necessary indeed, Sir, as it happens to be a hip-bath which has lain some years in the coach-house. His Lordship rarely entertains."

"His Lordship's notions of hospitality are not of this century. He seemed to think he had a sacred duty to lay me low beneath the table. I marvel that I'm here to tell the tale."

"Yet in some ways His Lordship is

well ahead of modern thought. This bottle of Rax's Lime Juice, Sir, in your room."

"Placed there by His Lordship's own hand, Hawkins. And a very refreshing drink following upon a one-sided battle with his Lordship's decanter."

"Yes, Sir, and Rax's has still further virtues. It is justly renowned for annihilating the after-effects of alcohol, vulgarly known as 'mornings after'."

"So that's why I'm still alive and kicking? Well, well, one lives and learns. Go and hold the bottle for my bath. I don't want to make any breakfast."

IN THE NATIONAL INTEREST

THE RESIGNATION of Mr. Neville Chamberlain from the British War Cabinet and from political life and the consequent reform of the organisation in which is vested the conduct of the war can best be summed up in the words used by the former Prime Minister in the letter he has written to Mr. Winston Churchill—"In the national interest." That phrase today has become the motto of the British people at home and abroad. Every action taken by the Government and its advisers is based on national requirements, national desires and national unity. Party politics and class differences have been completely submerged in this gigantic national effort which has evoked not only open admiration from Britain's friends and sympathisers, but grudging approval from her enemies, who have vainly been trying to discover one single flaw in the armour of calm determination and strengthened confidence with which they are being opposed. The stern comradeship of the people is now reflected in the reorganised state of the War Cabinet, which has been augmented with men whom the Prime Minister must have selected with a keen perception of their skill and ability to fill the places given to them.

NONE of the changes made by Mr. Churchill are likely to be adversely criticised. In normal times the predominance of Conservative members in the Cabinet might have provoked dissent from the Labour Party. No such party scruples find a place today in the common cause of liberty and justice. Certain quarters might still cling to the opinion that Mr. Chamberlain's associates should have retired from British politics along with their former leader. This is a view that has been brought about more by prejudice than by the actual disability of the former Premier's supporters to perform the duties entrusted to them. Mr. Churchill, who has proved himself to be the most capable leader the country has had, would have been the last to retain the services of the so-called "appeasement" following which Mr. Chamberlain secured to support his policy, if there was any reason to doubt their whole-hearted co-operation with the present conduct of the country's affairs. The fact that the changes have brought fresh blood into the Cabinet, men whose age is a guarantee of their being able to render tireless duty for the country and whose ability in their various spheres of activity have fitted them for their new offices must be counted as an advantage which will soon produce results. The appointment of Capt. Oliver Lyttelton to the important office of President of the Board of Trade is a case in point.

DESPITE the enlargement of the War Cabinet to eight members, the organisation

EVACUATION AFFECTS SOCIAL ACTIVITIES OF THE KOWLOON CRICKET CLUB

Retiring Vice-President Presented With Token At Annual Meeting

"THE EVACUATION OF WOMEN AND CHILDREN HAS SERIOUSLY AFFECTED OUR SOCIAL ACTIVITIES. The two main social events of the year the Children's Sports (which have been held yearly for the past 34 years) and the New Year's Ball (looked forward to so keenly by members and most Kowloon residents) will most likely have to be abandoned."

These remarks were made by Mr. Ezra Abraham, Vice-President of the Kowloon Cricket Club when presiding at the Club's annual meeting yesterday in the absence of Mr. Justice R. E. Lindsell, President, who is away in South Africa on holiday.

Mr. Lindsell, who has been President for many years, was unanimously re-elected President. A message from him from Durban, S. Africa, requesting the chairman of the annual meeting to stand "Yum Seng" on his account to all present was read out and duly observed.

Mr. Abraham, who retired from the position of Vice-President, was presented with a silver cigarette case from the members of the retiring General Committee as a token of appreciation of his services to the Club.

MEMBER FOR 34 YEARS

In making the presentation, Mr. V. C. Labrum, who was nominated Vice-President, said that Mr. Abraham had been a member of the K. C. C. for 34 years, a member of the Committee for 24 years, Vice-President for 16 years and a Life Member for 14 years. He had always been liberal in supporting the prize fund and any charitable objective.

"To follow in the footsteps of such a member is an honour which I greatly appreciate. I thank you," he concluded.

OTHER OFFICERS

The other office-bearers elected for the year are as follows:

still retains its flexibility for dealing with the conduct of the war in an expeditious manner, which has become particularly necessary in the present stage of the hostilities. What is most noticeable is that the control of the fighting services remains unchanged and this is evidence of Mr. Churchill's satisfaction with the military situation and his confidence in the able way in which Mr. Anthony Eden is handling the War Office. Reflecting this confidence is also the appointment of a former associate of Mr. Eden's to the Dominions Office in the person of Lord Cranborne. The keen business abilities of Sir Andrew Duncan have found approval in his transfer to the Ministry of Supplies, while the full understanding and agreement which has been reached by all political parties is made apparent in the appointment of the Labourite, Mr. Herbert Morrison, to the Ministry of Home Security, an office which today shares the huge responsibility of defending Britain from attack. Yet another gesture of this unity in the national interest is apparent in the invitation extended to one of the staunchest Labour members, Mr. Ernest Bevin, who has rallied the working classes to the cause in no uncertain manner, to join the War Cabinet. With this renewed unity in national administration Britain faces the future, ready to meet whatever the days ahead may bring, prepared to make sacrifices however heavy and confident in the ability of her leaders to accomplish the task before them not only in the national interest, but in the interests of all humanity.

GENERAL COMMITTEE: F. Goodwin, J. Fraser, L. Jack, C. Houghton, D. J. N. Anderson and Ezra Abraham.

LAWN BOWLS REPRESENTATIVE: T. A. Madar.

TENNIS REPRESENTATIVE: A. E. P. Guest.

HON. TREASURERS: Messrs. Thomson and Co.

AUDITORS: Messrs. Lowe, Bingham and Matthews.

Messrs. J. Fraser and E. C. Fincher were elected Life Members on the proposal of the retiring Vice-President.

CHAIRMAN'S ADDRESS
In the course of his address proposing the adoption of the report and accounts, which was carried, Mr. Abraham said:

"The Club pursued its normal sporting activities throughout the year, and our 1st Division cricket team distinguished themselves by winning the League. It is very gratifying to see our senior and junior teams take turns in holding one of the Shields in the clubhouse every year.

Tennis from a league point of view causes a little concern. I am sorry to observe a deterioration in the standard of play. Lack of practice and insufficient interest taken in the game by our younger members would appear to be contributing causes.

At Lawn Bowls, our Junior team after promotion to the 2nd Division, are at present placed in about the middle of the Table, but our 1st Team, owing to continual change of players due to volunteer and other duties, are in a very lowly position and will probably just avoid relegation.

BADMINTON REVIVED
Badminton was revived after a lapse of four years and was well supported. With more practice we should do better in the League next year.

The Billiard room continues to be a popular rendezvous for members and the "mistakes" made in the game of snooker are a source of income to the Club.

Turning now to the accounts. You will note that after writing off \$2,795 depreciation, against depreciation last year amounting to \$3,000, there is an excess of income over expenditure amounting to \$430. When entrance fees are added to this amount, the sum

When in the Colony, Mr. Peers was a leading member of the Volunteer Air Arm and won the Bell Cup two years in succession.

Government Reshuffle

Continued From Page 1

Thus THE TIMES says that the changes were directly designed to strengthen the Government on the side of security and progress at home but there is nothing yet in existence quite comparable with the special Council which proved its essential value in the earlier crisis and there had been a number of episodes—Dakar being the latest—which caused the public to doubt whether sufficient thought can be given, under the present system, to admittedly subsidiary operations.

The NEWS-CHRONICLE joins in the appeal for further changes, declaring that the present changes for the most part are not dynamic.

CHANGES PRAISED

The DAILY TELEGRAPH, on the other hand, praises the changes and says: "Mr. Churchill shows that he does not think of the Government as a machine. To him it is essentially dependent on the spirit of individuals and the deciding factor in his choice of Ministers has been originality and vital energy. This above all will commend itself to the country."

Two marked features in the London comment are the tributes to Mr. Chamberlain and the widespread satisfaction with the appointment of Viscount Cranborne to the Dominions Office.

WATCHFUL ADJUSTMENT

LONDON, Oct. 4 (BWS).—The Cabinet changes have the pride of place in the newspapers and are received with general approval and, as witness to the fact, the DAILY TELEGRAPH puts it: "The Prime Minister has clearly had in mind the necessity of a watchful adjustment to the changing needs of the war and the value of reinforcing the Government by fresh minds."

It is also valued as a further example of the advantages which democracy enjoys in the conduct of the war in being able to make such changes in the personnel of the Government, as conditions require, without the danger of discrediting the Government as a whole.

TRIBUTES TO CHAMBERLAIN

The retirement of Mr. Chamberlain is the occasion for tributes to his long services to the State.

The DAILY TELEGRAPH says that no lure of ambition, no self-seeking ever sullied his actions and the entire Press unites in recognition of his sincerity.

THE TIMES, dealing with past controversies over his foreign policy, says: "There was a strong and refutable defence for the actions which he took in the situation not of his making or choosing, but inherited from more than one decade of international failure."

THE MANCHESTER GUARDIAN, for long a severe critic of the Chamberlain policy, in acknowledging the value of his counsel in Mr. Churchill's Cabinet, says: "Whatever we may think about Mr. Chamberlain's past, his tragic miscalculations of policy, there is no man who has desired more passionately that we shall win this war."

ILLNESS REGRETTED

The NEWS-CHRONICLE, in common with the other critics of Mr. Chamberlain, emphasises the regret that illness should be the cause of his resignation.

The promotion of Mr. Ernest Bevin to the War Cabinet is welcomed on all sides and another appointment which is particularly commended is that of Lord Cranborne to the Dominions Office.

Mr. Herbert Morrison's transition to the Home Office and the Ministry of Home Security is felt to inspire confidence that the problems of the bombed civilians and their homes will be energetically tackled.

WORLD SERIES BASEBALL

CINCINNATI, Oct. 4 (Reuter).—Cincinnati Reds yesterday beat Detroit Tigers by 5 runs to 3 in the second game of the World Series.

Sampan 'Missresses' Fined \$10

Four Chinese missresses of cargo sampans, appeared before Hon. Comdr. F. G. Hole yesterday morning and pleaded guilty to a charge of having approached within 30 yards of an American liner tied up at Kowloon Docks while the "S" code pennant was hoisted on the vessel concerned. They were fined \$10 each with the alternative of 10 days' imprisonment.

LONDON TRAIN STRAFED BY NAZI RAIDER

Several Houses Damaged In City: Few Casualties

LONDON, Oct. 4 (Reuter).—An Air Ministry communique, reviewing the attacks on the United Kingdom from reports received up to 4 p.m. yesterday, says that several houses were demolished in the London boroughs, but it is not expected that casualties will be heavy.

"Bombs were dropped at various points in the Thames Valley, Essex, Kent and Cornwall but no serious damage and no fatal casualties are reported in any of these districts."

"A number of casualties, including a few fatal injuries, were caused in a city in the Midlands and in another small Midland town, where a number of houses were demolished, but little other damage is reported."

"A train was machine-gunned and a few persons were slightly injured."

"A single enemy plane was shot down in an attack on a town in the home counties, where a number of persons were killed and seriously injured by bombs and machine gun bullets."

QUI VIVE

The German air force went "night" raiding over England yesterday in the first gloom of Britain's autumn.

Single aircraft kept the defences in south-east England and the home counties on the qui vive most of the day but for the most part they remained above the murky clouds and carried out random bombing in which some London boroughs suffered superficial damage.

Anti-aircraft batteries were active and in the East London district, where planes were reported overhead for a short time, the barrage was as heavy as night gunfire.

TRAIN MACHINE-GUNNED

A train which had left Euston Station shortly after mid-day was machine-gunned by a German raider while passing through a small Midlands town, according to a Reuter report, quoting the official Air Ministry communique.

The train stopped a few miles further on after the machine-gunning but as the three injured people were not seriously hurt they were taken on to the next large station to receive hospital treatment.

The dining car of the train was damaged but the bombs dropped did no damage.

There were three alert warnings in the London area during the day of which the last, in the afternoon, was the longest.

R.A.F. BETTER THAN GERMAN COUNTERPART

LONDON, Oct. 4 (Reuter).—Speaking at Glasgow yesterday, Air Vice-Marshal R. E. Saul, of the Fighter Command, claimed that man for man the R.A.F. is much superior to the German Air Force.

He added that of the massed formations which came over the South Coast, once the R.A.F. picked off the leaders and disposed of them, the rest quit and scattered.

Individual aircraft got through because they could not hope to pick out every one of them in thick clouds.

ITALIAN NAVAL FORCE REFUSE ACTION IN MEDITERRANEAN

LONDON, Oct. 4 (Reuter).—The sighting of a strong enemy naval force in the Mediterranean which could not be brought to action is reported by the Commander-in-Chief of the Mediterranean Fleet.

The report says that British naval forces carried out a sweep in the eastern and central Mediterranean on September 29 to October 2, in the course of which additional military forces were landed at Malta.

During this period, a strong enemy naval force was sighted by our reconnaissance aircraft. This enemy force was then 100 miles away from our fleet and was already steaming towards its base.

It was therefore, not possible to bring the enemy to action. Our fleet was attacked by enemy aircraft on three occasions during

ANOTHER SHANGHAI OUTRAGE

SHANGHAI, Oct. 4 (Reuter).—Eight Chinese, including a policeman, were injured last night when a grenade was thrown into the offices of the Sing Pao, pro-Wang Ching-wei newspaper, in the Shanghai International Settlement. Slight damage was done.

The iron netting protecting the first floor, occupied by the composing department, broke in the explosion. Police cordoned off the block and searched houses in the area.

BRITISH NOTE TO RUMANIA

LONDON, Oct. 4 (Reuter).—A further Note regarding the unexplained detention of five British subjects was lodged yesterday by the British Minister in Bucharest, Sir Reginald Hoare.

The Note demands information when the arrested persons will be released or, alternatively, the exact nature of the charges against them, and when it is proposed they will be tried.

In the meantime, all is mystery, as both the police and the Iron Guard continue to deny knowledge of the arrest of Mr. A. Miller, administrator of the Astra-Romania Oil Co.

Another "ARREST"—BUCHAREST, Oct. 4 (Reuter).—Another British subject has been kidnapped.

Mr. Percy Clark, the 60-year-old head of a British engineering firm at Ploesti, was taken from his room in a Bucharest hotel by three youths in civilian clothes, who forced him to accompany them to an unknown destination.

Gen. Gamelin Testifies At Riom "Trial"

LONDON, Oct. 4 (Reuter).—According to the Lyon Radio, 53 witnesses in the French "war guilt" trial at Riom have been heard by the Supreme Court in the past few days.

The witnesses included General Weygand, General Colson, General George Vuillemin, General Blanchard, General Mittelhauser and also M. Georges Bonnet.

M. Guy la Chambre, former Air Minister, and M. Daladier and General Gamelin were also questioned.

PROPERTIES CONFISCATED

WICKHAM STEED

Continued From Page 1

spokesman said soon after the Russo-Japanese war. He said that their victory might go to the heads of the Japanese and they would soon be tempted to invade China. Two attempts were since that time made by the Japanese and both ended in disaster. Their third attempt will end in the same way.

"It began with the invasion of Manchuria in 1931. The League of Nations at that time made the mistake of either doing too little or, saying too much. I thought they did too little."

HITLER LOSING

"Now, we in London are in the war and we are not allowed to forget it either. But if I read what is happening right, we are winning steadily and Herr Hitler is losing steadily. Therefore, I do think that the need for this new Pact was the urgency, which was beginning to be felt that something should be put into Herr Hitler's shop window."

"The question is why Japan entered into this new pact. One answer may be that she too needed something for her shop window or that she has been badly informed. There is one curious point that bears upon this question. Somebody recently asked whether the German General Staff and Herr Hitler really believed the reports brought in by their pilots—or as many of them that were able to return—regarding the destruction they had caused in their raids on England. It was the same thing in the last war."

"If Herr Hitler and his General Staff really believe that Britain has already been beaten to her knees and they have presented this picture to Japan, the Japanese Government may have felt safe in going in with the Axis combine, despite the risk of clash."

LITTLE DISSATISFACTION

"And now Herr von Ribbentrop has been talking mysteriously of bringing Soviet Russia into this Pact. He said this to Senator Sumner, the Spanish envoy, but there still seems to be a little dissatisfaction in Germany over the results of Senator Sumner's visit. That is because the Germans found that he had absolutely no authority to commit Spain to any new action."

"And by the time he gets back to Spain, he may find that the Spanish Government is better informed on the real truth about the Battle of Britain than either the people in Berlin or Rome."

"This does not, however, answer the question of the Russian attitude to the new Pact. Personally, I do not think Russia is likely to become the fourth wheel, or auxiliary motor, to Herr Hitler's and Signor Mussolini's three-wheeled cart of triumph. I really do not see how the interests of Soviet Russia will be served by leaving China in the lurch."

"A remarkable concord of comments on the war-weariness of the German people have reached this country. I have discussed this with a non-British expert who said that he felt that these reports could generally be accepted as the true state of affairs."

"His view was that while Britain had been feeling the war strain only for one year at the most, the Germans have felt it for the past seven years. Herr Hitler has kept them keyed up all the time. He has rationed them and conscripted them and there must come a time when the strongest of nerves will not be able to hold up smiles."

NO QUICK PEACE

"All this time Herr Hitler was basing his action and plans on a quick victory over Britain. Now he is telling them that there are prospects of a quick peace. The incessant bombings by British airmen of German military and industrial centres can no longer be concealed from the German people. It therefore, does not astonish me to hear that the German armies in France and other occupied territories are restless."

"I give the opinion of this expert for what it is worth. It is the opinion of an experienced man."

Mr. Stead went on to deal with the Italian campaign in Egypt. He said that the Italian advance was obviously timed to coincide with Herr Hitler's invasion of England, which has not yet taken place. "According to the expert quoted by Mr. Stead, Herr Hitler has already lost the war because of this failure to make his attempt on England."

"And I think he is right," declared Mr. Stead. "This does not

EVACUATION TO BE COMPLETED BEFORE END OF YEAR

GOVT. POLICY OUTLINED: POSITION OF AMERICAN WOMEN IN HONGKONG

SPECIAL TO THE HONGKONG DAILY PRESS

OUTLINING THE HONGKONG GOVERNMENT'S EVACUATION POLICY TO A REPRESENTATIVE OF THE HONGKONG DAILY PRESS YESTERDAY, THE HON. MR. N. L. SMITH, COLONIAL SECRETARY, SAID THAT IT WAS THE INTENTION OF THE GOVERNMENT TO EVACUATE EVERY BRITISH WOMAN FROM THE COLONY, EXCEPT THOSE WHO ARE QUALIFIED NURSES.

ASKED WHETHER THE EVACUATION WOULD BE COMPLETED BEFORE THE END OF THE YEAR, the Colonial Secretary said: "We expect to have the evacuation completed long before that."

EVACUATION COMMITTEE

Mr. Smith said that the Evacuation Advisory Committee, of which Mr. Justice E. H. Williams was chairman, had already considered about 250 cases, comprising: (1) those who had not been evacuated since the main evacuation took place; (2) those who, came under the original plan and having said they would make their own evacuation plans, had not done so; and (3) those evacuees who had since returned to the Colony.

The public session of the Evacuation Advisory Committee which will be held on Wednesday afternoon will provide an opportunity for those who desire to appeal for exemption to do so.

It is believed that plans now under consideration for sending another evacuee ship to Australia will be completed after Wednesday's meeting of the Evacuation Advisory Committee when it is expected that a further batch of between 200 and 300 British women will leave Hongkong.

AMERICAN WOMEN

On the question of American women in the Colony, the American Consul-General in Hongkong, Mr. Addison E. Southard, said that the American Government had not yet considered the question of evacuation of American women, Hongkong.

Referring to the instructions received by certain employees of American firms in Hongkong to arrange for the evacuation of their womenfolk, the Consul-General said that these instructions had not been issued by the American Government, but by the head offices of the companies concerned, and that they are not to be taken as an indication of the U.S. Government attitude to the question of evacuation of American subjects from these parts.

APPEAL COURT CASES

Ricksha-Puller Is Successful

Two appeals against conviction were brought before the Chief Justice, Sir Atholl MacGregor, at the Appeal Court yesterday.

Chan Mei, ricksha-puller, convicted and sentenced by Mr. H. G. Sheldon, K. C., Senior Magistrate, to four months' hard labour for attempted larceny from an American sailor, had his sentence quashed.

Mr. H. C. Macnamara, instructed by Messrs. Woo and Woo, appeared for the appellant.

CONVICTION UPHOLD

An Ng appealed against a fine of \$150 with the alternative of two months' hard labour imposed by Mr. Sheldon at the Central Court for impersonating a police officer at Gresson Street.

Appearing for the appellant, Mr. M. A. da Silva, said that there were discrepancies and the Magistrate should have dismissed the case.

Upholding the conviction, his Lordship remarked that there was ample evidence for the Magistrate to convict.

Air Raid Tunnels In Kowloon

Two "U" type air raid tunnel shelters, with accommodation for 1,000 people each, are being built near King's Park.

The "U" type tunnel, which has two entrances, represents one of the most up-to-date and safest shelters against air raids.

The two-tunnels are being constructed from Gascoigne Road to Public Square Street and from Waterloo Road to Wing Sing Lane. The tunnels are six feet in width and are protected by almost 100 feet of rock above them.

It is learned that more shelters will be constructed after the completion of these two tunnels.

CATHOLIC NEWS & NOTES

THE SOLEMNITY OF THE HOLY ROSARY: CATHOLICS DECORATED FOR BRAVERY

THE FEAST OF THE HOLY ROSARY will be celebrated tomorrow in the Rosary Church, Kowloon. In the evening there will be the usual procession—that in recent years has been so often hindered by bad weather. This feast is a commemoration of the victory at Lepanto, which gained over the Turks on the first Sunday of October, 1571, and saved Christian civilisation in Europe.

The danger of the threat to Europe at that time was so great that a special appeal for prayer, especially by recitation of the Rosary, was issued by the Pope, and in token of gratitude for the victory a special festival was instituted.

It is interesting to note that a "Rosary Crusade" has been organised in England from the beginning of the present war, for a "just and speedy peace". Those who promise to say the Rosary regularly for this intention have given their names to a centre appointed in London. More than 57,000 are taking part in it.

The Rosary is sometimes thought by those who are not acquainted with it to be a mechanical form of religious exercise, while on the contrary it is of all forms of prayer probably the one that induces most reflection on the leading events of Christ's life.

The essence of the prayer is not the repeated recitation of certain prayers which are numbered by beads, but the recitation of prayers in accompaniment to the recalling of certain events connected with Christ and His Mother. It would be difficult to devise a happier combination of vocal and mental prayer, and in actual fact no better combination has ever been devised.

CHINESE FESTIVAL

The Catholic celebration of the Chinese National celebration, the "Double Tenth," in Hongkong, on next Thursday, takes the form of special devotions in the Cathedral at 5 o'clock in the afternoon. There will be a sermon in Chinese and Benediction of the most Blessed Sacrament, during which the Hymn of thanksgiving, the TE DEUM will be sung. The ceremony will end with the singing of the Chinese National anthem.

The latest figure for Catholics in China is 3,182,950. The number of adults received into the Church last year amounted to 108,299. There were baptised, in addition, 94,396 children of Catholic parents. The growth of the Church is, therefore, considerable, though it is small in proportion to the whole population of the country.

"MARTYRS' FORT"

After a lapse of 140 years, the Society of Jesus once again owns Fort St. Marie, in Ontario, which from 1639 to 1649 was the headquarters of the Jesuit mission to the Huron Indians.

Here six of the eight Jesuit martyrs, canonised by Pope Pius

XI in 1930, lived, and it was within the fort that the bodies of two of them, SS. John de Brebeuf and Gabriel Lalemeur, were buried after they had been tortured to death by the Iroquois.

In the town of Midland, near the fort, stands the Martyrs' Shrine, built in 1928.

After living in Fort St. Marie for ten years the Jesuits were obliged to take refuge from the Iroquois in a safer place. When they were forced to leave, the Catholics burned the settlement down to prevent the buildings falling into the hands of Indians hostile to the Catholic Faith.

"Fort" is only a conventional name for the buildings, which consist of a church, school and residence. They have absolutely nothing of a military or even of a defensive character.

CATHOLICS DECORATED

The recent announcement of the conferring of knighthood on Rear-Admiral Sir Henry Harwood, victor of the battle of the River Plate, on his arrival in London, recalls the fact that Catholics have been well to the fore in the performance of acts of bravery which have won recognition in the present war.

Sir Henry Harwood was the first knight of the war. Captain Ervine Andrews was the first Royal Air Force V.O. and Major J. Parkin the first D.S.O. Many other Catholics have joined these "firsts".

One decoration of an exceptional kind was the O.B.E. awarded to Mrs. Norman Cardwell, a Catholic woman in north-eastern England for an act of exceptional coolness. A German aviator landed by parachute near her home and she went to him unarmed and demanded his surrender. She took his revolver and brought him to the local authorities.

Another who received the O.B.E. was Lt. Col. Thomas Dillon, of the King's African Rifles, for services during the fighting round Moyale. During his services in the Army overseas he made a special study of the former German colonies and of the natives and their customs, for which he was elected a Fellow of the Royal Geographical Society.

Social Work In Hongkong

REFUGEE COUNCIL'S APPEAL

The Hongkong Refugee and Social Welfare Council has issued a number of leaflets, setting forth its aims, its activities and making an appeal for \$50,000 for its work in 1941.

AIMS OF COUNCIL

The aims of the Council are to co-ordinate charitable work in the Colony so as to avoid overlapping in work and the distribution of funds; to erect permanent centres for the poor; and to inquire into housing, industrial and recreation problems in congested areas.

The work of the Council consists in feeding 4,000 persons daily at a cost of \$30,000 a year; educating 2,000 children, at a cost of \$7,000 a year; and providing thousands of refugees and destitute poor with mats, minkies, blankets and towels, at a cost of \$11,000 a year.

The detailed arrangements are carried out by the Education, Food Kitchens and Refugee Camp Sub-Committees.

FIRST CHURCH OF CHRIST, SCIENTIST

31 Macdonnell Road—Service on Sunday.

The subject of the Lesson Sermon in all Christian Science Churches on Sunday will be "Unreality".

The Golden Text will be: "Know therefore this day and consider it in thine heart, that the Lord he is God in heaven above and upon the earth beneath: there is none else." (Deut. 4: 39).

Among others the following citations will be read from the Bible: "And great multitudes came unto him, having with them those that were lame, blind, dumb, maimed, and many others, and cast them down at Jesus' feet; and he healed them: insomuch that the multitude wondered, when they saw the dumb to speak, the maimed to be whole, the lame to walk, and the blind to see; and they glorified the God of Israel." (Matthew 15: 30, 31).

The following citations will also be read from the Christian Science Textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "There is no power apart from God. The humble Nazarine overthrew the supposition that sin, sickness, and death have power. He proved them powerless. It is the transgression of a belief of mortal mind, not of a law of matter nor of Divine Mind, which causes the belief of sickness. The remedy is Truth, not matter—the truth that disease is unreal. Nothing unspiritual can be real, harmonious, or eternal." (Science and Health, Pages: 228, 229, 335).

SHORTAGE OF RUBBER IN GERMANY

Sale Of Tyres Banned In France

LONDON, Oct. 4 (Reuter). — It is remarkable how the lack of a certain commodity in Germany leads to the lack of the same commodity in one of the occupied countries, for instance, rubber.

A day or two ago it was announced in Germany that new bicycle tyres cannot be bought except for the service and school children were forbidden to wear out their bicycle tyres on pleasure trips.

Yesterday came news of an official decree in occupied France forbidding the sale of motor car and motor cycle tyres except for official vehicles.

No doubt the French supplies will satisfy the Germans for the time being. If they do not the French can expect the loss of their bicycles as well.

SPAIN'S FOOD PROBLEM

BOOTLEG TRAFFIC WIDESPREAD

MADRID, Oct. 4 (Reuter). — Spain's extremely difficult food problem has been greatly worsened by many producers not selling through government channels and a widespread bootleg traffic has sprung up which is said to be sabotaging the government scheme of rationing and price control.

Bootleggers find a ready sale for sugar at three shillings per pound, lentils and rice at 15d. a pound, olive oil at seven shillings a litre, and for many other commodities.

The law now published provides fines from 1,000 to 500 pesetas. In addition, sentence of a year in a penal labour battalion may be imposed, and penalties apply to both buyers and sellers.

People denouncing guilty parties will receive 40 per cent. of the fines while those buying solely to denounce offenders will themselves be exempt from punishment.

FOOD SHORTAGE IN SYRIA

LONDON, Oct. 4 (Reuter). — A Beyrout message reports a serious shortage of food in Syria. All over the country the people are queuing up for bread, flour and other rations.

There is a petrol shortage too and private cars have been ordered off the roads during the month of October. Taxis have had their allowance cut down to 24 gallons a month.

AUSTRALIAN MEAT FOR BRITAIN

FEW DETAILS UNDER DISCUSSION

LONDON, Oct. 4 (Reuter). — Renewal of the contract between the Ministry of Food and the Australian authorities for the supply of meat to Britain is on the verge of signature, Reuter understands.

The present contract, which expired at the end of September, assumed shipment of 280,000 tons of meat of all kinds but owing to pressure on British storage capacity and the presence of what was believed to be more than adequate supplies here, rather less than that amount was actually shipped.

It is believed that final details regarding the exact amount to be shipped under the new contract has not been decided but it is expected that the amount will be about 250,000 tons of beef, mutton, lamb and pork.

The general price level is said to be much the same as for last year's contract with a few minor adjustments, mostly in the downward direction.

PURCHASE TAX OPERATIVE ON OCTOBER 21

LONDON, Oct. 4 (Reuter). — The Purchase Tax will come into operation on October 21.

The Treasury has made an order to this effect which will be submitted to Parliament for approval in accordance with the terms of the Finance Act.

All taxable goods which are delivered under chargeable purchases after that date, will be subject to tax.

The Purchase Tax, which was the surprise of the second War Budget in April, is a tax on sales. It will be charged by wholesalers to retailers and will mean that everyday articles such as household goods, clothes and drapery will cost more. The heaviest scale of the tax will be borne by luxuries.

It purpose is to limit home expenditure with a view to avoiding the risk of inflation. It will be worked on a percentage basis.

Rigid Control Of Explosives

Rigid control of explosives in Canada is provided for in a recent Order in Council passed under the War Measures Act. This permit, among other items, must show the name, nationality, address, and occupation of the holder, the purpose for which it is granted, the length of time for which it shall be valid, where and under what conditions the ex-

Continued From Page 5

BOUND OVER

Yeung Foon, 19, rickshaw coolie, was charged before Mr. Himsforth for assaulting a 21-year-old spinner, Leung Lin-hing, of No. 8, Cheung Lok Street, about 3 a.m. on Thursday, near Lock Road.

Sub-insp. Johnson stated that the complainant was standing at Lock Road about 3 a.m. when the rickshaw coolie, who was conveying a European in his vehicle, asked complainant to take the European home. The complainant refused and was hit by the accused on her chest.

Defendant was bound over in the sum of \$5.

ON WRONG SIDE

That a big crowd forced his tricycle to the right hand side of the road was the excuse given by Li Yip, 27, of 191, Reclamation Street, who was charged before Mr. Macfadyen yesterday for driving tricycle No. 3401 on the wrong side of Shanghai Street on Wednesday. He was fined \$3.

DESPERATE WOMAN

Chan Luk, 53, woman, was charged before Mr. Himsforth yesterday for larceny of one \$500 Hongkong and Shanghai Bank note from Li King, woman, of 35, Sha Po Road, on Oct. 2. It was stated that the defendant was employed by the complainant.

The defendant, who was bound over, said she was desperate as her relatives were very sick.

DISCHARGED

Ho Ki, 32, of No. 40, Sai-Yeung Choi Street, who was charged with receiving one electric sewing machine and one button hole machine stolen from No. 50, Tai Nan Street, by Tsui Shing, Tam Ming and Yuen Wong-san, was discharged yesterday by Mr. Macfadyen for lack of sufficient evidence against him.

PICK-POCKET AND FRIENDS

For obstructing the complainant when he tried to apprehend a pick-pocket, two men, Wong Ping, 22, and Ha Ngai-yim, 18, were arrested and charged before Mr. Himsforth yesterday with being accessories after the fact in larceny.

Sgt. W. J. D. Cameron, prosecuting, said that the complainant, Chiu Tak, was standing outside of the Sheum's Circus when five Chinese came up and surrounded him. One of the men picked \$3 from his pocket. He tried to give chase, but was stopped by the other four.

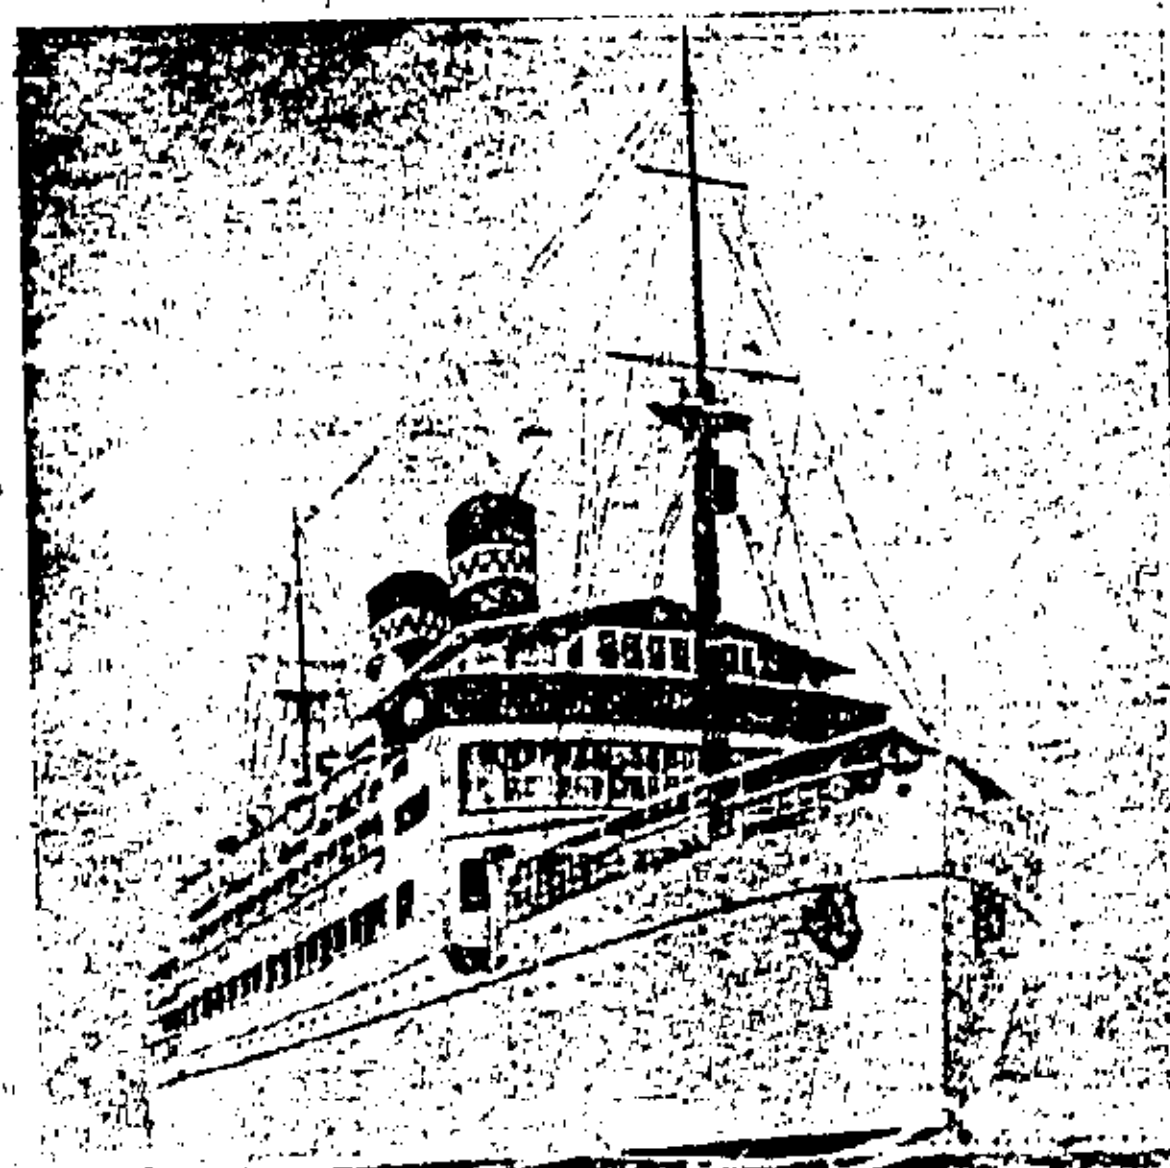

District Watchman 135, who happened to be close by, came up and arrested the two defendants.

The first accused, who had one previous conviction, was sentenced to two months' hard labour, while the second defendant was sentenced to six weeks' hard labour.

SIXTEENTH SHEK O GOLF CHAMPIONSHIP

The following is the draw for the Shek O Golf Championship to-morrow which will be 2 rounds of 18 holes each.

All compete for one pool on handicap in the morning, and another pool on handicap in the afternoon.

Rules are clearly shown on cards. Red flags indicate the hazards on the new holes. The drain at 17th hole is not a hazard when playing 3rd hole. Out of bounds entails loss of stroke and distance. Mud may be wiped off the ball on the green.

All competitors' tiffins have been ordered and will be served from noon onwards.

STIFF TEST FOR R.A.F. RECRUITS

SHANGHAI BOY'S EXPERIENCES

In a letter to his father recently, R. L. Bartley, formerly at the Cathedral School in Shanghai, describes his examination following his application to join the R.A.F. as a pilot.

JOINED UP AT 18

He went to England to be educated a few years ago, and in 1938 won the Junior Fives Championship of the English Public Schools. He has joined up at the age of 18 years and five months. The test applicants must undergo before being accepted for the R.A.F. is difficult, both physically and mentally, as a high standard of men is required to stand the strain of air-fighting. Before joining the R.A.F., "Dick" Bartley was a member of a London Branch of Lloyds Bank.

THE LETTER

His letter follows:—
I am afraid that you won't be altogether happy with my news this week. I am now a member of the R.A.F. undergoing training as a pilot, having been sworn in on Thursday and now on three days' leave. There is nothing for you to worry about this side of Christmas, anyhow, for it takes a long time to make a pilot.

The medical exam. was stiff and as I passed it, I must be pretty well perfect physically, you will be pleased to know. The most difficult test in the medical was blowing mercury up a tube. You have to blow it up to a certain height and hold it there for at least fifty seconds. I almost turned blue in the face.

SELECTION BOARD

The selection board was much easier than I expected. I just had to sit at a table with two R.A.F. officers who asked me general knowledge and a few mathematical questions. I had no difficulty in answering them. I start off with 2/- a day, but as soon as I can start flying, it goes up considerably. Incidentally, if at the end of the war I wish to go back to the Bank, I shall have no difficulty. Whenever any officer looked at my papers and saw that Shanghai was my birthplace, he invariably said that things were pretty hot out there. To one I replied that the people in Shanghai thought that things were hotter over here. He looked at me in considerable surprise and said "Is that so?" So you see there are no grounds for worry or alarm.

I don't know where I'll be posted to yet, so I can't let you have my address.
